INTRODUCTION

The Form P-18 PDF Archives page allows you to search past (anything at least 1 day old) P18 PDFs produced, from 1 day old up to 2 years old. This page also has a multi-column sort feature to further refine your search sort order. The P18 PDF link brings up the original PDF created for reprinting or download to your computer.

FILTER AND SORT OPTION

- You can set the search pattern of each column by setting Starts With, Ends With, Contains, or Exact Match for any searchable grid column.
- Set the Default Sort with up to 3 fields. If the “Use Default Sort for all Searches” checkbox is checked, this will override all other individual column sorts in the grid.

DEFAULT SORT

- If you have checked the Use Default Sort checkbox, the sort and filter icons on Grid header left will be RED for a visual cue default sort is activated and overriding any individual column sort; otherwise, it will be blue:

GRID INFORMATION

INDIVIDUAL GRID COLUMNS

Most columns are searchable with filters and sortable. Several fields are editable in this grid.
